

MASA Overview and Products

Taking the worries out of emergency transport

Why MASA matters to today's workforce

No one should have to worry about unexpected transport bills during or after an emergency.

- **86% of ground ambulance rides** may result in an out-of-network bill for the privately insured, putting millions of employees at risk.¹
- Ambulance bills have a **higher out-of-network rate** than for other specialists, including E.R. doctors and anesthesiologists.²
- **The average ground ambulance bill is \$2,008.**³ These costly bills have become a normal, expected part of emergency care — even for the insured.

60% of Americans have to borrow just to cover a \$1,000 health expense.*

*: Bankrate, February 2023

The MASA solution

The simple solution to a complex problem for millions of employees.

Employees can protect their finances, and peace of mind, with MASA. Our medical-transport coverage pays 100% of ambulance claims, and plans are easily bundled with core health benefits.

- **94% of employees don't know that there's a solution that will cover ambulance bills. When they learn there's a solution like MASA, 30% are likely to pay for it.⁴**

Plus, the numbers speak for themselves: our **38% participation rate** across groups proves that for employees — this is a problem worth solving.³

How does it work? Employees can choose a plan when they enroll. They have access to coverage for any ambulance, nationwide — and medical transport claims are compensated.

MASA guarantees:

- **No health questions**
- **No claim forms**
- **No network limitations**
- **No deductibles**
- **No member/spouse age limits**
- **No denials based on claim cost**
