## Plan benefits

## Explanation

### **Repatriation to Hospital Near Home Coverage<sup>1</sup>**

MASA will provide services and cover Out-of-Pocket Expenses associated with the coordination of an Insured Person's non-emergency transportation by a medically equipped rotary (i.e., helicopter) or fixed-wing aircraft in the event the Insured Person is hospitalized more than one hundred (100) statute miles from the Insured's Residence and the Insured Person's treating Physician and Transportation Services Administrator determine it is feasible and medically appropriate to transfer the Insured Person to a Medical Facility nearer to the Insured's Residence for continued care and recuperation. Although every effort will be made to transport the Insured Person to the "Medical Facility of the Insured Person's choice", some factors outside of the Transportation Services Administrator's control may limit ability to fulfill the Insured Person's request. Such factors include, but are not limited to, bed availability at requested Medical Facility and required services for the Insured Person's condition are not available at requested facility. Such transportation services may be provided by a common carrier and/or ground ambulance if appropriate, if appropriate. Such transportation services shall be provided contingent upon: a. Certification by the Insured Person's treating Physician and the Transportation Services Director; and b. The Insured Person's compliance with the Access of Services provision of this Policy.
