

Indemnity Plus

Plan benefits	Explanation
Emergency Ground Ambulance Coverage¹	MASA will indemnify the Insured Person \$250.00 for the cost of Emergency Ground Transportation, necessitated by a Serious Emergency, to the nearest and most appropriate Medical Facility readily capable of receiving an Insured and providing the necessary level of care, as may be required due to the Serious Emergency, or to a Suitable Airport for the purposes of Emergency Air Transportation, as may be required by the Serious Emergency.
Emergency Air Ambulance Coverage¹	MASA will indemnify the Insured Person \$10,000.00 for the cost of Emergency Air Transportation, necessitated by a Serious Emergency, to the nearest and most appropriate Medical Facility readily capable of receiving the Insured Person and providing the necessary level of care, as may be required due to the Serious Emergency. Coverage for Emergency Air Transportation by fixed-wing aircraft shall be due, exclusively, to: a. The unavailability and/or inefficiency of transport by rotary (i.e., helicopter) aircraft or ground transport; and b. Necessity of specialized treatment for a Serious Emergency not immediately available locally. Transport must result from the request or recommendation by a first-responder or transferring Physician who deems Emergency Air Transportation medically necessary. Services must be provided by a medically-equipped rotary (i.e., helicopter) or fixed-wing aircraft that is provided by a common air ambulance carrier.
